
DAVID WILSON PARTNERSHIP LIMITED

Quality Policy

David Wilson Partnership Limited is a multi-disciplinary practice with expertise in Architecture, Landscape Architecture and Building Surveying.

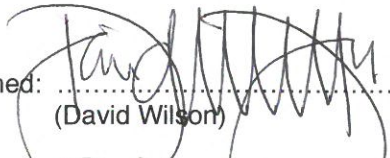

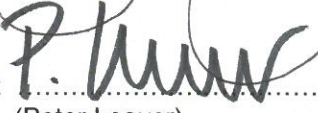

We strive for design and professional excellence rooted in client's needs and to provide a reliable, competent, technical service to our clients and to other members of the construction team.

We are committed to using our ISO 9001 Quality System to develop clear and system working methods and to check and review our work.

The Quality System is reviewed regularly to ensure it remains effective and the Practice will develop business practices and invest in staff training to support the key quality management aims.

Aims

- To provide a competent and comprehensive professional service to our clients
- To operate to achieve our budgeted level of profit
- To ensure staff receive appropriate education and training, including meeting CPD requirements
- To ensure that monitoring and feedback is used to improve practice performance
